HALAL POLICY

Farm Fresh assures that every product it manufactures are halal. To ensure that the food produced is halal, clean and good quality, we are committed to complying with the **Malaysia Halal Standards MS1500:2019, MHMS 2020 and MPPHM 2020**. The integrity of the process starts from the control of raw materials to manufacturing, packing, storing and distributing. To achieve the company policy for halal, we shall ensure:

1. Every material (ingredients, raw material, packaging material) are free from najis and any haram materials as stated in the Malaysian Standard for Halal and Malaysian Halal Certification Manual Procedure;
2. Any material for utensils, equipment, machinery and processing aids shall be free from non-halal and najis contaminations;
3. Processing methods and techniques used in producing products are free from non-halal and najis contaminations either from workers, environment, equipment, raw materials or premises;
4. Continuous improvement from control, monitor and verification of the system;
5. Finished products made for the local and export market is certified halal by Jabatan Kemajuan Islam Malaysia (JAKIM);
6. All policy and procedure are fully adhered and communicate at all levels and stakeholder;
7. All staff strictly follow the company's Halal compliance regulation including restricts in bringing in non-halal food to the premise.
